

Expert Lecture on “Environmental, Social and Governance (ESG) & Career Opportunities” organised by Department of Environmental Sciences

Date: 15th April 2025

The Department of Environmental Sciences, J.C. Bose University of Science and Technology, Faridabad, organized an expert lecture on “**Environmental, Social and Governance (ESG) & Career Opportunities**” on 15th April 2025. The session aimed to bridge the gap between academic learning and industry practices while providing deep insights into the evolving ESG landscape and its growing significance in global sustainability strategies.

The session was delivered by Mr. Munish Kumar, Principal Consultant and Founder Director of EHS Guru Sustainable Solutions Pvt. Ltd., Gurugram. He is Environment, Health & Safety (EHS) professional with diverse experience in audits, training, and consulting across corporates, PSUs and various government and private organizations. He is also an IRCA-qualified Lead Auditor for ISO 14001 & ISO 45001, a GRI-certified professional for Sustainability Reporting Standards, and FSSAI-trained in Food Safety & Hygiene.

In his lecture, Mr. Kumar emphasized the fundamentals of ESG, the need for strong communication and personality development skills, the importance of continuous upskilling, and effective networking strategies. He also highlighted the wide array of career opportunities emerging in the ESG and sustainability domain. Dr. Renuka Gupta, Chairperson of Department of Environmental Sciences, appreciated the initiative and commended the guest speaker for his insightful and engaging delivery.

The session witnessed the participation of over 70 enthusiastic students from Environmental science and Chemistry. Participants gained a comprehensive understanding of ESG frameworks, practical applications in industry, and future career pathways. The session received highly positive feedback, with students describing it as both inspiring and informative. The interaction session was well coordinated by Dr. Anita Girdhar, Assistant Professor, Environmental Sciences.
