**Chairperson of Department**

**Action Taken Report**  
**Department of Communication and Media Technology (CMT)**

This report is being submitted to the IQAC regarding the review of faculty performance and departmental activities in the CMT department for the current period. After careful evaluation, it is noted that no action was required to be taken for the following reasons:

**1. Faculty Performance**

The faculty members of the department have demonstrated a high level of commitment and professionalism in their teaching and research responsibilities. Their performance in delivering lectures, mentoring students, and contributing to departmental initiatives has been commendable. There have been no concerns or issues necessitating intervention or corrective action.

**2. Student Feedback**

The feedback from students regarding faculty teaching methods, engagement, and support has been positive. There are no complaints or areas of concern that require addressing at this time.

**3. Research and Development**

Faculty members continue to be actively involved in research, contributing to academic publications and participating in relevant conferences. There are no delays or issues reported in ongoing research projects.

**4. Workshops and Seminars**

The department has successfully planned and conducted workshops and seminars as per the academic calendar. Faculty members have been instrumental in ensuring the smooth execution of these events, and no further action is necessary.

**5. Overall Departmental Efficiency**

The department is functioning efficiently, with faculty members fulfilling their roles and responsibilities effectively. There have been no disciplinary issues, and faculty members continue to contribute positively to the academic environment.

Given the positive performance and the absence of any concerns, no action has been required during this review period.

**Action Taken Report**  
**Department of Communication and Media Technology (CMT)**

This report is being submitted to the IQAC regarding the review of faculty performance and departmental activities in the CMT department for the current period. After careful evaluation, it is noted that no action was required to be taken for the following reasons:

**1. Faculty Performance**

The faculty members of the department have demonstrated a high level of commitment and professionalism in their teaching and research responsibilities. Their performance in delivering lectures, mentoring students, and contributing to departmental initiatives has been commendable. There have been no concerns or issues necessitating intervention or corrective action.

**2. Student Feedback**

The feedback from students regarding faculty teaching methods, engagement, and support has been positive. There are no complaints or areas of concern that require addressing at this time.

**3. Research and Development**

Faculty members continue to be actively involved in research, contributing to academic publications and participating in relevant conferences. There are no delays or issues reported in ongoing research projects.

**4. Workshops and Seminars**

The department has successfully planned and conducted workshops and seminars as per the academic calendar. Faculty members have been instrumental in ensuring the smooth execution of these events, and no further action is necessary.

**5. Overall Departmental Efficiency**

The department is functioning efficiently, with faculty members fulfilling their roles and responsibilities effectively. There have been no disciplinary issues, and faculty members continue to contribute positively to the academic environment.

Given the positive performance and the absence of any concerns, no action has been required during this review period.

**ACTION TAKEN REPORT OF STAKEHOLDERS FEEDBACK (JULY 2023 – JUNE 2024)**

The stakeholders' feedback was gathered through Exit-survey, alumni survey, parents of the last semester students, peer group survey and employers survey. Based on the analysis of the feedback, the following actions were taken:

- 1) The feedback was shared with the faculty members of the department, and concerns about student placement were also brought up.
- 2) Faculty members were recommended to set up additional interactive sessions for students with industry experts.
- 3) Faculty members were advised to involve students in departmental events and to organize various activities to improve their personality and communication skills.

## **Department of Mechanical Engineering**

**Date: 18-08-2024**

**Subject: Report on Action Taken Based on 360-Degree Feedback from Students, Parents and Alumni for Session 2023-24**

In reference to the letter No. dated 26/07/2024 Chairperson ME constitutes a committee and committee meeting on 17/08/2024 for the above said subject. The committee discussed the 360 degree feedback from different stockholder and suggested the following actions to be taken to improve quality standards

### **1. Introduction**

The Internal Quality Assurance Cell (IQAC) has compiled feedback from students and alumni of the Mechanical Department to assess and address the key concerns affecting the quality of education and overall student experience. The feedback highlighted several critical areas needing improvement, including infrastructure, canteen facilities, hostel accommodations, and laboratory facilities. This report outlines the actions taken by the Mechanical Department in response to these concerns.

### **2. Identified Issues and Actions Taken**

#### **a. Building Infrastructure**

*Issue:* The feedback indicated that the building infrastructure is inadequate and does not meet the needs of students effectively.

#### **Actions Taken:**

**Assessment and Planning:** A comprehensive assessment of the existing building infrastructure should be conducted. Based on that assessment, a detailed plan for renovation and enhancement should be developed.

**Immediate Repairs:** Urgent repairs, including fixing leaks, painting, and upgrading electrical systems, must be initiated.

**Infrastructure Improvement Plan:** committee members' recommend that a proposal for the construction of additional classrooms, seminar halls, and administrative offices should be

submitted for approval to the competent authority. The project must be expected to commence in the next academic year.

#### **b. Canteen Facility**

*Issue:* The canteen facilities have been reported as inadequate, impacting student satisfaction and comfort.

***Actions Taken:***

**Facility Upgrade:** The canteen should be temporarily closed for renovation. Improvements include the installation of new kitchen equipment, better seating arrangements, and enhanced hygiene standards.

**Vendor Review:** A review of the food vendors should be carried out to ensure the quality and variety of food offered. New vendors with better offerings may consider.

**Student Feedback:** A student feedback mechanism is being established to continuously monitor canteen services and address any issues promptly.

#### **c. Hostel Facility for Boys**

*Issue:* There is currently no hostel facility available for male students, which has been a significant concern.

***Actions Taken:***

**Feasibility Study:** A feasibility study for the establishment of a boys' hostel has been completed. This includes site selection, budgeting, and planning.

**Approval Process:** The proposal for the hostel construction has been submitted to the management and is under review. We are working to secure funding and initiate construction as soon as possible.

**Interim Measures:** In the short term, arrangements are being made to assist students in finding nearby rental accommodations.

#### **d. Laboratory Facilities**

*Issue:* The laboratories are reported as outdated and insufficient for current educational needs.

***Actions Taken:***

**Equipment Audit:** An audit of existing laboratory equipment should be completed to identify outdated and malfunctioning items.

**Upgrade Plan:** A committee should be drafted to make a plan for upgrading laboratory equipment and facilities. This should include the acquisition of modern machinery and tools.

**Funding and Procurement:** Budget proposals for the procurement of new equipment should be submitted. Efforts should be made to secure additional funding through UGC/AICTE grants and Alumnae industry members.

**Training:** Lab assistant should be appointed and Faculty members and lab should be trained to handle new equipment and incorporate modern teaching methodologies into their practical sessions.

### 3. Future Plans

**Monitoring and Evaluation:** A monitoring mechanism will be established to regularly assess the effectiveness of the implemented actions and make necessary adjustments.

**Continuous Feedback:** Ongoing feedback from students and alumni will be sought to ensure that all issues are addressed promptly and effectively.

**Reporting:** Regular updates on progress will be provided to the IQAC and other relevant stakeholders.

### 4. Conclusion

The Mechanical Department is committed to addressing the concerns raised by students and alumni through a structured approach and timely actions. We believe that the above suggestion will significantly improve the quality of infrastructure, facilities, and overall student experience in the department.

**Action Taken Report  
Department of Communication and Media Technology (CMT)**

This report is being submitted to the IQAC regarding the review of faculty performance and departmental activities in the CMT department for the current period. After careful evaluation, it is noted that no action was required to be taken for the following reasons:

**1. Faculty Performance**

The faculty members of the department have demonstrated a high level of commitment and professionalism in their teaching and research responsibilities. Their performance in delivering lectures, mentoring students, and contributing to departmental initiatives has been commendable. There have been no concerns or issues necessitating intervention or corrective action.

**2. Student Feedback**

The feedback from students regarding faculty teaching methods, engagement, and support has been positive. There are no complaints or areas of concern that require addressing at this time.

**3. Research and Development**

Faculty members continue to be actively involved in research, contributing to academic publications and participating in relevant conferences. There are no delays or issues reported in ongoing research projects.

**4. Workshops and Seminars**

The department has successfully planned and conducted workshops and seminars as per the academic calendar. Faculty members have been instrumental in ensuring the smooth execution of these events, and no further action is necessary.

**5. Overall Departmental Efficiency**

The department is functioning efficiently, with faculty members fulfilling their roles and responsibilities effectively. There have been no disciplinary issues, and faculty members continue to contribute positively to the academic environment.

Given the positive performance and the absence of any concerns, no action has been required during this review period.

**Action Taken Report**  
**Department of Communication and Media Technology (CMT)**

This report is being submitted to the IQAC regarding the review of faculty performance and departmental activities in the CMT department for the current period. After careful evaluation, it is noted that no action was required to be taken for the following reasons:

**1. Faculty Performance**

The faculty members of the department have demonstrated a high level of commitment and professionalism in their teaching and research responsibilities. Their performance in delivering lectures, mentoring students, and contributing to departmental initiatives has been commendable. There have been no concerns or issues necessitating intervention or corrective action.

**2. Student Feedback**

The feedback from students regarding faculty teaching methods, engagement, and support has been positive. There are no complaints or areas of concern that require addressing at this time.

**3. Research and Development**

Faculty members continue to be actively involved in research, contributing to academic publications and participating in relevant conferences. There are no delays or issues reported in ongoing research projects.

**4. Workshops and Seminars**

The department has successfully planned and conducted workshops and seminars as per the academic calendar. Faculty members have been instrumental in ensuring the smooth execution of these events, and no further action is necessary.

**5. Overall Departmental Efficiency**

The department is functioning efficiently, with faculty members fulfilling their roles and responsibilities effectively. There have been no disciplinary issues, and faculty members continue to contribute positively to the academic environment.

Given the positive performance and the absence of any concerns, no action has been required during this review period.

**Subject: Request for uniform approach in formation of Scheme and Syllabus of Engineering Programmes (B.Tech)**

Dear Sir,

Greetings from J. C. Bose University of Science and Technology, YMCA, Faridabad!

Reference the letter no. 14/14-2022 Adv./HSHEC dated 29.04.2024 issued from Haryana State Higher Education Council, the University would like to address an important matter concerning the Scheme and Syllabus for our Engineering Programmes (B.Tech).

As per the recent directives and guidelines provided by the University Grants Commission (UGC), our university has been diligently working on aligning our undergraduate programmes with the National Credit Framework (NCrF) and the Curriculum and Credit Framework for Undergraduate Programmes (CCFUP). The Scheme and Syllabus for the non-engineering undergraduate programmes have been successfully framed and implemented from the Academic Session 2023-2024.

However, the development of the Scheme and Syllabus for our Engineering Programmes (B.Tech) is currently in progress. It is crucial to standardize and unify the curriculum and credit frameworks for engineering programs across different institutions throughout the Nation.

In view of the above, it is requested to formation of a National Level Committee to oversee and give necessary guidelines regarding formation of the Scheme and Syllabus for Engineering Programmes (B.Tech) in all National institutions.
