Organizing educational visits and tours are an essential part of the department's curriculum. The department also organizes various extracurricular activities like debates, photography, film making, and content creating competition etc. to encourage students. In a very short time, the department has taken an initiative in imparting quality education in the field of Journalism and Communication, Visual Communication, Multimedia and Social Work.

ABOUT THE PROGRAMME

Social work is ancient as a service, and relatively modern as a profession. To serve human concerns, social work practitioners applied knowledge and techniques derived from different fields of art and science to resolve the social problems besetting individuals, groups and communities. Hence Social Work as the discipline is scientific in method and artful in manner

The central aim of undergraduate programme in social work is to develop and disseminate knowledge, skills and values through education, field training and research necessary for promoting, maintaining and improving the functioning of individuals, families, groups, organizations and communities existing in the society. The programme is strongly committed to a diverse learning environment, in which respect for dignity and worth of all human beings and understanding of diverse conditions would be practiced. It respects individual uniqueness and offers a professional programme to build a foundation for practice with population groups, keeping the larger goal in mind.
