

## **Villages Adopted by J.C. Bose University of Science and Technology, YMCA**

J.C. Bose University of Science and Technology, YMCA Faridabad realizes its responsibilities towards community and committed for the betterment of the same with all its efforts to accomplish the growth of people of community. In this direction, University has adopted five neighborhood villages for their possible growth & development. All five villages are in the range of 15-20 KM's from the University.

Following are the names of the adopted villages:

1. Alipur Shikarga
2. Sahrawak
3. Tajpur
4. Tilori Khadar
5. Rajpur Kalan

## **Initiatives by University**

In University, there are many clubs/societies which are organizing different type of activities or events at the adopted villages so that the people residing in these villages may take benefit of the same. The teams working on this are NSS, NCC, UBA, Eco Club etc. These clubs also organize some of the activities/events in association with other departments of University for overall development of villages. Along with University deputed a Director-Social Responsibilities under DSW office to work towards social responsibilities of the University. Each and every club/team of University is consisting of number volunteer students of University working under guidance of faculty members who are In-charge/Coordinator of that particular club. Student participates in all activities considering their social responsibility towards community. A large number of Extension and Outreach activities are being organized every year for the students and welfare of the people of adopted villages.
