### UNIVERSITY NEWSLETTER

Publishing regular newsletter is essential aspect of a University as it can expand its overall branding to various subjects of the external community. A newsletter can provide updates and information on the way in which University is moving to achieve its goal. It also covers various activities such as events, performances and community happenings in the University.

J.C. Bose University of Science & Technology also publishes its biannual Newsletter on its website with the following objectives:

#### Objectives:

- To stay up-to-date with the most important and latest news in the University all from one single place.
- To provide updates and information on the way in which University is moving to achieve its goal.
- To highlight all the latest and most relevant articles from University website in brief.
- To cover various activities such as events, performances and community happenings in the University
- To provide information most crisply and cleanly to make it easier for the audience to have hassle-free access to all the information.
- To expand overall branding of University to various subjects of the external community.
