Youth Parliament provides a platform for the youth to speak up, participate in the policy direction and have an impact on the growth agenda of the country. To familiarise the younger generations with the customs and processes of Parliament. To instil the spirit of discipline and tolerance in the hearts of young people.

National Youth Parliament is a unique initiative that teaches youth about parliamentary procedures and political processes, encourages young people to get involved in public problems, grasp the common man's point of view, create their own opinions, and communicate them clearly. Youth is a time of optimism and desire. It is appropriate to capitalise on this and foster civic competency in our young pupils. Students should be prepared to think critically about public problems and create educated judgments about them as a result of their education

Dr. Rakesh Chander & Mr. Rohit Sinha, faculty Department of Business Studies judged the competition. The speeches were judged on several criteria, including confidence, content of the speech, delivery/communication of the speech, and skills. It was found that the content of the speech of almost all the participants was enriched and gives the glimpses for Economics reform of our country. The participants were good at delivery and context. Mr. Harshit kant, student of B.com (H) 3rd Semester won first position in the competition. The competition was a huge success, with participants delivering powerful and inspiring speeches on topics such as youth empowerment, national unity, and social justice. The speakers demonstrated a deep understanding of the themes and a strong commitment to making a positive impact in their communities. One of the highlights of the competition was the passion and energy displayed by the participants. Their speeches were delivered with conviction and enthusiasm, and many of the participants received standing ovations from the audience.

Youth Parliament Competition was a testament to the power and potential of young people. The participants demonstrated their ability to think critically and to express their ideas in a compelling and inspiring manner. The competition served as a reminder of the important role that young people play in shaping the future of our country and the world.
